# **WEATHER KEY POINTS**

**05/03/20 - 05/09/20**

## **Sunday-Tuesday**

- Gusty north to northwest winds at times across portions of the southern region, especially in and near the coastal mountain ranges. Wind gusts 35-55 mph are possible.
  - Gusty winds will blow around unsecured objects and make driving difficult, especially for high profile vehicles. Tree limbs could be blown down and a few power outages are possible.
- Cooler temperatures continue across the state with only minor heat impacts in the inland and southern regions
  - Above normal temperatures continue across the southern desert areas
- Dry conditions prevail across much of the state, except for rain and mountain snow showers, and isolated thunderstorms, across northern CA Saturday

## **Wednesday-Saturday**

- Much warmer temperatures are expected across southern coastal and inland areas with moderate heat impacts returning
- Temperatures warm across the inland region as well Thursday and Friday
- Dry conditions continue across the state
